

Sebastian Inlet District
North Jetty Improvement Project
Phases 2 and 3

FREQUENTLY ASKED QUESTIONS

Where is the project located?
The project is within Sebastian Inlet State Park and located at the north jetty.

What does the project entail?
The District has permits to rehabilitate approximately 950 linear feet of the Sebastian Inlet North Jetty structure. The project entails installation of 48 pre-stressed concrete piles, placement of concrete beams, construction of new jetty decking, and installation of 2,400 tons of granite armor stone.

When will the project begin and what is its duration?
The Sebastian Inlet District Commission awarded the project to Shoreline Foundation, Inc. Construction is anticipated to begin in January 2027, at which time the north jetty will be closed to the public for safety reasons. The project is anticipated for completion in July 2028.

Will the project impact public access to the north jetty?
Yes. To ensure public safety, access to the north jetty will be closed beginning January 2027 through July 2028.

What is the cost of the project?
Design and construction costs for the project are approximately $7.5 million.

Where may I find updates about the project?
Project updates will be posted on our website (www.sitd.us), our free app (available for download at www.sitd.us/get-the-sebastian-inlet-district-app or your app store) and on our social media pages on Facebook, Instagram and LinkedIn.

Who can I contact directly about the project?
Please contact Ed Garland, the District's Public Information Associate, at (321) 724-5175 or egarland@sitd.us or visit the District's website at www.sitd.us/north-jetty-improvement-project-phases-2-and-3.
